Summer Trips

Despite the overwhelming heat lately, I have been trying to make the most of the summer by visiting some new places in Missouri I haven't explored yet. My personal favorite so far is the Lemp Mansion in St. Louis where I got to eat some fabulous food and learn about the tragic Lemp family and their famous brewery. The ghost tour is also really fun. There's such a variety of places to go in Missouri like museums, hiking trails, wineries, and historic attractions that it has been hard to figure out what to do next!

Luckily, the library recently acquired some guidebooks to some of the best and lesser known places to visit throughout Missouri to help. From Kansas City to St. Louis and throughout Route 66, there is something for everyone to enjoy. I've provided a list of these books for you on the next page. Check them out and explore your new favorite Missouri spot!
