New and Upcoming

The State Library has been busy recently with developing new partnerships and planning new courses and events! September is Library Card Sign-Up month and to celebrate I’ll be visiting the Truman Building near the cafeteria on September 13, 11:30-1:30 p.m. If you have research questions, want to know more about the library, or just want to have a chat, come on by and I can get you set up with a library card and show you the library resources that will work best for you.

I will also be hosting a live session of our popular Library Resources for State Employees class here at the Secretary of State’s office. Registration information and more details are provided on the next page.

October will not only bring cooler weather (hopefully) and shorter days, but a new session of our popular Anything but PowerPoint webinar, so don't miss out!

The State of Missouri recently launched the Leadership Library, a forum where leaders in every department and at every level share ideas on how we can work together better, and the Missouri State Library Reference Services Division is happy to announce our partnership!

Many of the titles are available from the Missouri State Library and links are included with each book review to our catalog. The Leadership Library’s collection grows every week so check back regularly.
